Re: Volunteer Work

Dear Tammy and Players,

We at The Salvation Army want to thank you so much for all your hard work in helping us this year. Your 100+ volunteer hours went a long way in helping us to help others in our community. We have employees for the bell ringing program to cover spots where we don't get a enough volunteers, so having awesome groups like yours means so much to the bottom line and being able to help others all year long.

What do your volunteer hours mean to us? Your 100 hours of volunteerism brought in nearly \$3,000! That money goes directly to others. The Salvation Army has the best percent of funds going directly back to needed at 93 cents of every dollar. You have invested in Cheyenne and on behalf of the community, and those here at The Salvation Army, thank you very much.

All the best,

Lt. Doug Hanson
Corps Officer / Pastor
